

Acceptance and Refusal Authorisation Policy

Under the Education and Care Services National Law and National Regulations, early childhood services are required to obtain written authorisation from parents or guardians for some circumstances, to ensure that the health, safety, wellbeing and best interests of the child are met and upheld. An authorisation is given where a person who has legal responsibility for a child gives permission to another person to do something or to make a decision on that person's behalf. Authorisations are usually authenticated by a signature – either in written form or as an electronic signature. All authorisation and refusals are to be kept in the child's enrolment record.
